

YADNYESH MAHADEV NAWGE

Data Analyst | SQL | Power BI | Excel | Data Visualization

+91-9325505745 • yadnyeshnawge2003@gmail.com • <https://www.linkedin.com/in/yadnyesh-nawge> • Mumbai

Summary

Data Analyst with 1+ years of professional experience in **data analysis, reporting, dashboard development, and front-end development**. Proficient in **SQL, Microsoft Excel (Pivot Tables, XLOOKUP, Power Query), Power BI, Tableau, Data Validation, Data Cleaning, Data Visualization, Business Intelligence, Dashboard Development, and Reporting Automation**. Experienced in analyzing structured datasets, preparing reports, documenting business requirements, and collaborating with cross-functional teams. Currently enhancing skills in Python, Advanced SQL, and Risk Analytics.

Experience

Creative Rebels

Frontend Developer

08/2025 - Present

- Develop and maintain responsive, cross-browser web pages using HTML5, CSS3, and JavaScript for client-facing projects

PROJECTS

Road Accident Dashboard - Tableau

2026

- Developed an interactive Tableau dashboard with filters and insights to support faster identification of accident trends

Real Estate Analytics Dashboard - Power BI

2025

- Built an interactive Power BI dashboard for a real estate agency to analyze apartment types, property purchases, and sales trends across properties
- Designed agent-wise performance tracking using DAX calculations, charts, filters, and slicers to support data-driven decision-making for agents
- Improved reporting efficiency through automated visual insights.
- Analyzed apartment sales and purchase trends.

GoCamp - Full-Stack Campground Review Platform

2023 - 2024

- Developed a full-stack web application enabling users to create, browse, and review campgrounds
- Implemented core CRUD functionality for campground listings and user-submitted reviews.

Blood Donation Management System

2022

- Built a Python (Tkinter) desktop application enabling donors to log donation details for faster record-keeping
- Enabled recipients to search and locate available donors by blood group in urgent situations.

Education

St Johns College Of Engineering

Palghar, Mumbai

B.E. – Information Technology

- Relevant Coursework:** SQL, Databases, HTML, CSS, JS

Training / Courses

- Qspiders - Comprehensive training in Web Technologies, SQL, Power BI and Manual Testing
- Currently learning: Fundamentals of Catastrophe Risk Modelling and Insurance Analytics.
- Certificates: Web Design for Web Developers; HTML, CSS & JavaScript Crash Course

Skills

Programming & Scripting: JavaScript, HTML, CSS, PSQL
